PROFESSIONAL SUMMARY

BSc Mathematical Sciences graduate specializing in Computer Science and Statistics, with practical experience in software development, data analytics, artificial intelligence and full-stack application development. Proficient in Python, Java, JavaScript, SQL, React, Node.js, Express, Flask and PostgreSQL, with experience building web applications, REST APIs, AI-powered solutions and data-driven systems. Strong foundation in software engineering, database management, machine learning, data analysis, testing, debugging and Agile development. Analytical, detail-oriented and adaptable, with a strong problem-solving mindset and a commitment to continuous learning. Seeking opportunities in Software Development, Data Analytics, Artificial Intelligence and related technology roles.

TECHNICAL SKILL

- Programming Languages: Java, JavaScript, Python, SQL
- Frontend: React, HTML5, CSS3, Tailwind CSS
- Backend: Node.js, Express.js, Flask, PostgreSQL
- AI & Machine Learning: AI APIs, Prompt Engineering, Generative AI, Machine Learning, Large Language Models (LLMs)
- Tools & Practices: Git, GitHub, VS Code, Docker, Agile Methodology, REST APIs
- Soft Skills: Problem Solving, Communication, Critical Thinking, Teamwork, Adaptability

EXPERIENCE

End-to-End Technology Intern - CAPACITI YES Programme

Apr 2026 – Present

- Develop full-stack web applications using React, Node.js, Express and PostgreSQL within an intensive, production focused training programme.
- Build AI-powered software solutions using AI APIs and prompt engineering techniques.
- Collaborate within Agile, multidisciplinary teams using Git and GitHub version control on real-world technology projects.
- Apply software engineering best practices including clean code, testing, debugging and technical documentation.

Processing Level 1 Technician - BARC SA

Nov 2024 – Sep 2025

- Maintained data accuracy and quality control, applying strong attention to detail in a structured processing environment.
- Followed standard operating procedures and collaborated across teams to meet processing targets.

Lab Assistant - University of Limpopo

Feb 2024 – May 2024

- Supported students with IT equipment setup and troubleshooting in computer laboratories.
- Reported hardware faults and helped maintain lab infrastructure for uninterrupted student access.

PROJECTS

ResumeIQ - AI Resume Assistant - React, AI APIs, Tailwind CSS

- Built an AI-powered resume analysis platform that evaluates ATS compatibility and provides actionable improvement recommendations through a responsive interface.

DeskFlow - Internal IT Service Request Portal - React, Node.js, Express, PostgreSQL, Prisma

- Developed a full-stack IT service request platform with role-based authentication, AI-powered ticket classification and an analytics dashboard for administrators.

Health Chatbot - React, Python, Flask, AI

- Built a conversational AI chatbot that answers common health-related questions through natural language interaction.

Sentiment Analysis Dashboard - Python, Flask, Pandas, Scikit-learn, Matplotlib

- Built a machine learning web application that classifies text sentiment and visualizes results through an interactive dashboard.

EDUCATION

BSc Mathematical Sciences (Extended Curriculum Programme)

University of Limpopo | 2020 – 2024 | Majors: Computer Science & Statistics

National Senior Certificate (Matric)

Shanke Senior Secondary School | 2014 – 2019

CERTIFICATIONS

- Deloitte Australia - Data Analytics Job Simulation - Forage, Sep 2026
- Software Development - Coursera, Aug 2026
- Artificial Intelligence (AI) Bootcamp - Coursera, Jun 2026
- Google AI Essentials Specialization - Coursera, May 2026
- Microsoft AI & Cybersecurity Course - NEMISA (Microsoft), Dec 2025
- Full Stack Development Certificate - FNB App Academy (IT Varsity), Jul 2025

KEY STRENGTHS

- Strong analytical and problem-solving skills
- Excellent communication and teamwork abilities
- Passion for technology, software development and artificial intelligence
- Quick learner, eager to grow under mentorship and guidance
- Reliable, disciplined and adaptable

LANGUAGES

English, IsiZulu, SiSwati, Xitsonga
