PROFESSIONAL SUMMARY

BSc Mathematical Sciences graduate (Computer Science and Statistics) building full-stack web applications and data-driven systems. Hands-on experience with React, Node.js, Express, Flask, Python, SQL and PostgreSQL, developed within Agile teams through the CAPACITI YES technology internship. Also experienced in data quality control and IT support, with AI certifications covering Generative AI, Large Language Models and Prompt Engineering. Disciplined, detail-oriented and a quick learner, seeking internship, graduate and junior opportunities in software development, data analytics, AI and IT.

TECHNICAL SKILLS

- **Programming Languages:** Python, JavaScript, Java, SQL
- **Frontend:** React, HTML5, CSS3, Tailwind CSS
- **Backend and Databases:** Node.js, Express.js, Flask, REST APIs, PostgreSQL, Prisma
- **Data and Analytics:** Pandas, Scikit-learn, Matplotlib, data cleaning and quality control, dashboards, statistics
- **AI and Machine Learning:** AI APIs, Prompt Engineering, Generative AI, Machine Learning, Large Language Models (LLMs)
- **Tools and Practices:** Git, GitHub, VS Code, Docker, Agile Methodology, testing and debugging, technical documentation
- **IT Support:** Hardware and equipment setup, troubleshooting, fault reporting

EXPERIENCE

End-to-End Technology Programme – CAPACITI (YES Programme) *Apr 2026 - Present*

- Develop full-stack web applications using React, Node.js, Express and PostgreSQL in an intensive, production-focused training programme.
- Build AI-powered software solutions using AI APIs and prompt engineering.
- Collaborate in Agile, multidisciplinary teams using Git and GitHub on real-world technology projects.
- Apply software engineering best practices including clean code, testing, debugging and technical documentation.

Processing Level 1 Technician - BARC SA *Nov 2024 - Sep 2025*

- Maintained data accuracy and quality control, applying strong attention to detail in a structured processing environment.
- Followed standard operating procedures and collaborated across teams to meet processing targets.

Lab Assistant - University of Limpopo *Feb 2024 - May 2024*

- Supported students with IT equipment setup and troubleshooting in computer laboratories.
- Reported hardware faults and helped maintain lab infrastructure for uninterrupted student access.

PROJECTS

Desk Flow - Internal IT Service Request Portal *(React, Node.js, Express, PostgreSQL, Prisma)*

- Developed a full-stack IT service request platform with role-based authentication, AI-powered ticket classification and an analytics dashboard for administrators.

Resume IQ - AI Resume Assistant *(React, AI APIs, Tailwind CSS)*

- Built an AI-powered resume analysis platform that evaluates ATS compatibility and gives actionable improvement recommendations through a responsive interface.

Sentiment Analysis Dashboard *(Python, Flask, Pandas, Scikit-learn, Matplotlib)*

- Built a machine learning web application that classifies text sentiment and visualises results through an interactive dashboard.

Health Chatbot *(React, Python, Flask, AI)*

- Built a conversational AI chatbot that answers common health-related questions through natural language interaction.

EDUCATION

BSc Mathematical Sciences (Extended Curriculum Programme) - University of Limpopo *2020 - 2024*
Majors: Computer Science and Statistics

National Senior Certificate (Matric) - Shanke Senior Secondary School *2014 - 2019*

CERTIFICATIONS

- Deloitte Australia - Data Analytics Job Simulation (Forage), Sep 2026
- Software Development - Coursera, Aug 2026
- Artificial Intelligence (AI) Bootcamp - Coursera, Jun 2026
- Google AI Essentials Specialization - Coursera, May 2026
- Microsoft AI and Cybersecurity Course - NEMISA (Microsoft), Dec 2025
- Full Stack Development Certificate - FNB App Academy (IT Varsity), Jul 2025

KEY STRENGTHS

- Strong analytical and problem-solving skills
- Clear communication and teamwork
- Passion for technology, software development and artificial intelligence
- Quick learner, eager to grow under mentorship and guidance
- Reliable, disciplined and adaptable

LANGUAGES

English, IsiZulu, SiSwati, Xitsonga
